

MIXED INVITATION COMPETITION

History

This Cup was presented by Mrs. Heather Lancaster following her year as Captain. The name of this competition has changed over the years; it started as an Extra Family Day when members invited a male member of their family. In order to encourage more members to play, it was decided that they may now invite either a male family member or a male friend.

Organisation

This competition is followed by a two course meal. Players are responsible for their green fees. Members can request who they wish the other pair in their group should be, however, the Secretary and a Committee member will have final say in drawing the order of play.

Format

A 4 Ball Better Ball Stableford. The Men play off their stroke index and the Ladies play off their stroke index. The men play off the yellow tees except for 14th where they will play off the white tee. Full handicap.
