

SPRING AND AUTUMN KNOCKOUT CUPS

Organisation

Handicaps: 0-22 Silver and 23-36 Bronze, or whatever divisions are in play at time of the draw.

Must be 6 entrants in Silver and 8 entrants in Bronze Handicap. (This can be waived, if not enough entries).

If players are unable to agree a date within the time allotted for their round of the competition, a walk-over will be awarded to the player offering the most dates, unless an extension to the time limit is allowed by the match steward. The first round is on the Fixture Card but may be played up to 1 week before or 1 week after that date. The closing day for each subsequent round shall be a Monday.

The higher handicap player should contact the lower handicap player within 7 days of the commencement of the round. Failure to be so may result in disqualification.

In the event of a player going on holiday, she should notify the Steward.

Players in the final round can have a referee which is to be arranged by the Steward who is usually the previous year's Captain.

At the 2013 AGM, it was agreed that the two divisions would be merged for the time being, because of reducing numbers of entrants for the knockout competitions. Entrants losing in their first round of the competition are automatically entered into the Plate Competition.

Format

Full Handicap Allowance. Match format.

All rounds, including the Final, shall be over 18 holes. Four weeks shall be allowed for each round after the first round with extensions permitted only in exceptional circumstances and at the discretion of the Steward.
