

## **YELLOW PERIL STABLEFORD**

### **Organisation**

Drawn in threes - mixed handicaps

**NB:** As there is no Trophy for this competition, members may be included after the closing date of entry, thus ensuring that as many members as possible are able to play".

### **Format**

Stableford - full handicap

Add double the score of the "Yellow" ball to the better score of the other two white balls on each hole.

On each hole, two play own white ball and one plays "yellow" ball.

Take "yellow" ball in rotation.

Lowest handicap on first hole:  
Middle handicap on second hole:  
Highest handicap on third hole.

Keep to this order for the 18 holes.

Therefore, each person plays "yellow" ball six times.

If the yellow ball is lost it remains lost for the rest of the game. The person who would be playing the yellow ball will not be able to double their score. i.e. the score on each hole would be 1x the "no longer yellow ball" + 1x the best of the other 2.

### **Prizes**

Winners: £4 voucher for each member of the team  
Second: £3 voucher for each member of the team
